HOUSING

Bachelor Quarters

There are permanent party bachelor officer and senior enlisted housing accommodations on Ft. Meade through the Post Billeting Office. Accommodations for permanent party personnel consist of 62 bachelor housing officer units, each containing a bedroom, living room, private bath, and kitchenette. In addition, there are 30 permanent party bachelor housing senior enlisted units, each containing a bedroom, living room, private bath, and kitchenette. However, **there are long waiting lists** (see below).

Priority of assignment to bachelor (officer and senior enlisted) quarters is based primarily on category of personnel and date of application or reservation for quarters. Bachelor Housing operates 24 hours per day, seven days per week. For more information, call 301-677-6529/5884.

There are long waiting lists for these accommodations. PLAN AHEAD. Single personnel receive priority. The waiting lists range from 3 to 18 months. For alternative housing options, the Housing Referral Office may be reached by calling (301) 677-2288.

Bachelor Enlisted Quarters

Enlisted personnel (E6 and below) are berthed in the Navy's BQ. Two rooms share a private head, and a foyer leading to the passageway ensures maximum security. The air conditioned facility is centrally located, with laundry facilities on the premises. You may call the Navy BEQ at (301) 677-0400.

Family Housing

Family quarters are authorized for all military personnel in all pay grades for those who are on assignment orders for duty at Fort George G. Meade, Maryland. Waiting lists are maintained according to bedroom requirements, the date of departure from your last duty station, and accrued priority credits for duty in restricted non-dependent areas. Waiting lists are usually long, but sometimes move quickly, so you may want to call for information as soon as you receive your orders. **When you arrive on Ft. Meade and place your name on a waiting list, it will be effective on the date that you left your last command.**

When quarters become available only one unit will be offered. If the unit is declined, the sponsor will be placed at the bottom of the waiting list. The Family Housing Office may be reached by calling (301) 677-5816.

There are Provisions for requesting priority housing, however, be reminded that specific criteria must be met. Contact the Relocation Assistance Program Manager, NESC at (301) 677-6882/3/4 for more information.

Temporary Lodging

Upon check-in, all persons authorized to live off-base that require temporary lodging are to call the Billeting Office, (301) 677-5884/6529 prior to making arrangements for off-base accommodations. Unaccompanied personnel (E6 and below) will be assigned a room in the Navy BEQ.

In the event billeting is not available, a statement of non-availability will be issued authorizing Temporary Lodging Expenses.

Post Guest House

The Fort Meade Guest House operates on a hotel concept with television, private bath, refrigerator and microwave. Other features include a common-use kitchen, laundry and vending machine room. There is a well-equipped playground for younger guests. **Unfortunately, the guest house does not accept pets.**

Food Stamps

The Food Stamp Program is administered by the Department of Agriculture and provides monthly benefits that help low-income households buy the foods that they need for good health. To get food stamps, households must meet certain tests, including resource and income tests.

Resources:

Households may have \$2,000 in countable resources, such as a bank account. Households may have \$3,000 if at least one person is age 60 or older. Certain resources are not counted, such as a home and lot and the resources of people who receive Supplemental Security Income (SSI) or Aid to Families with Dependent Children (AFDC).

Licensed vehicles are handled as follows.-

For the following vehicles, the amount of the fair market value over \$4,650 is counted:

One per household, and

Vehicles used for work, training, or education to prepare for work, or to seek work in accordance with the food stamp employment and training requirements. -

Vehicles are NOT counted if they are:

Used over 50 percent of the time for income-producing purposes,

Annually producing income consistent with their fair market value,

Needed for long distance travel for work (other than daily commute),

Used as the home,

Needed to transport a physically disabled household member, or

Needed to carry most of the household's fuel or water.

For all other vehicles, the fair market value over \$4,650 or the equity value, whichever is more, is counted as a resource.

Income:

Households have to meet income tests unless all members are receiving AFDC, SSI, or in some places general assistance.

Most households must meet both the gross and net income tests, but a household with an elderly person or a person who is receiving certain types of disability payments only has to meet the net income test. Households, except those noted, that have income over the amounts listed below cannot get food stamps.

People in Household	Gross Monthly Income Limits	Net Monthly Income Limits
1	\$ 839	\$ 645
2	1,123	864
